CONTRACTOR

REGISTRAR

Special Conditions

Directions to parties Tendering

1. A list of materials proposed to be supplied by University and the places where and the prices at which they are proposed to be supplied is given at the end of the schedule accompanying to the tender notice. This should be entered by the tenderer also at the end of the schedule accompanying the tender. Tenderers must accept these materials at the specified prices and quote for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials the change to the party executing the work will remain as originally entered in the agreement. If, at any time subsequent to the execution of this agreement, University materials other than those specified in agreement are to be supplied to the piece worker for use on the work, they will be charged at the market value prevailing at time of supply or stock issue rate whichever is greater. The piece worker will be informed in writing of this change and he should intimate in writing the rate which he demands for finished work in view of the fact that he is to use University materials. No cartage or incidental charges will be borne by University in connection with the supply of materials referred to in this paragraph.
2. Subsidiary items such as water for work, clearing and marking out site, hire of tools and plant should be separately entered. If such items are not so entered, it will be assumed that the rate quoted in the schedule include provision for them also.
3. The tenderer shall examine closely, the Andhra Pradesh detailed standard specifications, and also the relevant clauses of the standard preliminary specifications contained, therein, and sign the University Office copy of the Andhra Pradesh Detailed Standard Specifications and its agenda volume in token of such study before submitting his tender unit rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer.
4. Each tenderer just also send a certificate of Income Tax verification from the appropriate Income Tax authority in the form prescribed therefore. This certificate will be valid for one year from the date of issue for all tenders submitted during the period. In case of proprietary or partnership firm, it will be necessary to produce the certificate aforementioned for the proprietors and for each of the partners, as the case may be. If a certificate has already been produced by the tenderer during this period, in respect of a previous tender, it will be sufficient, if particulars regarding the previous occasion on which the said certificate was produced are given. All tenders received without a certificate as aforementioned are liable to be rejected.
5. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The name of quarries kilns, etc. where from certain materials are to be obtained will be given in the descriptive specification sheet. The best class of materials to be obtained from the quarries, other sources defined shall be used in the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in this standard specifications of this tender notice, or as required by the Registrar, Krishna University, Machilipatnam having jurisdiction for the time being over the work, herein after called the Registrar shall be submitted for the Registrar, Krishna University, Machilipatnam approval before the supply to the site of work is begun. If the Contractor after examination of the squire of materials defined in the descriptive specification sheet is of opinion that materials complying

CONTRACTOR

REGISTRAR

with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the descriptive specification sheet he shall so state clearly in his tender and state where from he intends to obtain materials subject to the approval of the Registrar, Krishna University, Machilipatnam. Attention of the piece worker as drawn to the standard “preliminary specification” regarding payment of seigniorage tools etc.,

6. The tenderer should quote specific rates for each item in the schedule, and the rates should be Rupees and single paisa. The Units and rates should be written both in words and figures. The schedule accompanying the tender shall be written legibly, and free from erasures, overwriting or conversions of figure. Corrections where unavoidable, should be made by crossing out, initiating, dating and regretting. No alternation which is made by the tenderer in the agreement form the conditions of agreement the drawings or specifications accompanying same will be recognized and if any such alternations are made, the tender will be void.
